

## Graces received...

Some months ago, due to an accidental fall, my left leg suffered a severe trauma. Through negligence, I caused a very serious infection. I was afraid and went to consult a doctor. Immediately the doctor sent me to the first aid and then, late in the night, I was taken into hospital; then, owing to the gravity of the infection, they treated me at once.

The dermatologist came to attend to me, diagnosing that the case was serious. Being a little fearful, I began to pray: I opened the book and found the holy picture of M. Fernanda Riva. I started to converse with her and told her that she had to help me get well. At once I felt reassured and was certain that M. Fernanda would intercede for me to the Lord.

The doctors were surprised that the wound had healed so fast without the need for plastic surgery. I now continue to pray and thank the Lord for all the graces that he has graciously bestowed upon me

## They have this to say about her ...

«With her deep child-like, unlimited trust in Divine Providence, optimism and broadmindedness, and, above all, with humility, *M. Fernanda* got through all the obstacles she met on her way.

...let us not lose heart because our beloved *Fernanda* will smile when she sees that we strive to continue the great work that She started for us.

Let us imitate her great and noble life and remember the words of Longfellow:

“The lives of great men and women remind us that we can make our lives sublime. And in dying, we leave behind us our footprints on the sands of time” ».
